Description

new cool WP plugin
circular tag

I need a custom voting plugin that can validate the user and be able to vote counts on an individual basis per voter (one voter can vote once while another voter may be able to vote 3 or four times on the same ballot) Also need to beable to run multiple ballots at once. just ask for more information.

Hi, I can develop this type of custom voting plug-in for you.

WHAT IS FREELANCER.COM?

Freelancer.com (formerly GetAFreelancer) is the world's largest outsourcing and crowdsourcing marketplace for small business. We have hundreds of thousands of satisfied customers from all over the world. We connect over 2,241,134 employers and freelancers globally from over 234 countries & regions. Through our website, employers can hire freelancers to do work in areas such as software, writing, data entry and design right through to engineering and the sciences, sales and marketing, and accounting & legal services. The average job is under US$200, making outsourcing for the first time extremely cost effective for small businesses.

Would you like to find freelance jobs and make money online? Just sign up to get started! We have created a safe environment for both freelancers and employers via our secure milestone payment system. We have thousands of freelance coders, writers, programmers, designers, marketers and more. Getting the best web design, professional programming, custom writing or affordable marketing has never been easier! Try outsourcing for free today! Don't forget to bookmark our homepage for your next project or job.
